Dear Parents and Seniors:

In an effort to ensure the Senior Class of 2022 meet all the graduation requirements, the Soap Lake HS and RISE Academy will be partnering with Big Bend Community College to host a HIGH SCHOOL AND BEYOND EVENT! **The High School and Beyond Plan is a Washington State graduation requirement.** Students work with the school counselor and advisors to create their own individual plan to set postsecondary goals on what they expect to do after graduating from high school. Our students use the Xello program, which makes it easily accessible for your student. Details for this important event are listed below.
